

Redmine - Defect #36561

Wiki revision page does not return 404 if revision does not exist

2022-02-03 01:22 - . |3<RELATIVISM .

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Mariusus BĂLTEANU	% Done:	0%
Category:	Wiki	Estimated time:	0.00 hour
Target version:	4.1.6	Affected version:	4.2.3
Resolution:	Fixed		
Description BUG discovered in wiki revision paths So like this page only has one revision https://redmine.replicant.us/projects/replicant-infrastructure/wiki/FilteringSpamOnTheMailingList/1 but https://redmine.replicant.us/projects/replicant-infrastructure/wiki/FilteringSpamOnTheMailingList/73 still loads this can be done with all articles revision pages not just this one. It is not possible with negative numbers though			

Associated revisions

Revision 21413 - 2022-02-18 09:03 - Mariusus BĂLTEANU

Return 404 if revision URL doesn't exist (#36561).

Patch by Mizuki ISHIKAWA.

Merged r21413 to 4.1-stable (#36561).

History

#1 - 2022-02-03 22:29 - Mariusus BĂLTEANU

- Status changed from New to Confirmed

#2 - 2022-02-10 13:15 - Holger Just

- Subject changed from BUG with revision urls to Bug with revision URLs of wiki pages

#3 - 2022-02-14 09:05 - Mizuki ISHIKAWA

- File defect-36561.patch added

I attached a patch to return 404 when a non-existent revision number is specified.

404: The page you were trying to access doesn't exist or has been removed.

#4 - 2022-02-14 11:35 - . |3<RELATIVISM .

that is great thanks! I will test in our instance if possible
