

Redmine - Defect #3662

redmine.pm won't honor :commit_access right for LDAP

2009-07-23 22:44 - Felix Schäfer

Status:	Closed	Start date:	2009-07-23
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Permissions and roles	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
Description			
Any user authenticated by LDAP is able to commit to a repository configured with redmine.pm.			
Redmine: r2817			
The fix is pretty simple, just change the line testing the connection to the LDAP server to check the credentials to also include the regexp looking for commit access, and move the call to method outside of the unless, diff as per svn diff is attached.			

History

#1 - 2010-09-18 13:48 - Felix Schäfer

- Status changed from New to Closed
- Resolution set to Fixed

Fixed in [r3831](#) and [r3832](#).
