Target version:		Affected version:	4.2.3
Resolution:	Invalid		
Description The "Description" field is automatically cleared when the Redmine web application is used on iOS devices (both iPhone and iPad) via the Safari web browser. Steps to reproduce: 1. Launch Safari on iPhone/iPad. 2. Open Redmine as a web application in it. 3. Create a new issue with a sample subject and description. 4. Edit the issue with regard to its subject (don't touch the description). 5. After you save the change, the description disappears. :-(
