

Redmine - Defect #36863

Missing v4.2.5 section in Changelog

2022-03-31 04:00 - Go MAEDA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Documentation	Estimated time:	0.00 hour
Target version:	5.0.1	Affected version:	
Resolution:	Fixed		
Description			
Changelog in the trunk and 5.0-stable branches don't have v4.2.5 section. So, issues for Redmine 4.2.5 are not included in them.			
Changelogs for those two branches should have v4.2.5 section like v4.0.6 (released on the same day as v4.1.0), v3.3.4, v2.6.2 and so on.
