<b>Target version:</b>			
<b>Resolution:</b>			

**Description**

It would be great to get only eMail notifications if

- I am assigned to the ticket (or I previously was assigned)
- If I am on a specific list (like a "watchlist")

This setting would be unter the "my account" page like: |x| Only for related tickets of project <- checkbox | Project A | | Project B |

<- selection list

So that I can also select the Project.
