Redmine - Feature #36891

Ask more specific confirmation questions when closing/reopening/archiving projects

2022-04-04 18:18 - Holger Just

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**

Category:	Administration		**Estimated time:**	0.00 hour
Target version:	5.1.0			
Resolution:	Fixed			

Description

The attached patch improves the usability when closing / re-opening / archiving projects by replacing the generic (and not really helpful) confirmation "Are you sure" with a specific question.

We also remove the redundant confirmation when deleting a project from admin/projects. When deleting a project, we will always explicitly ask for a confirmation by requiring the user to enter the project identifier using a dedicated confirmation page.

The patch should apply on current trunk @ r21522.
