Target version:		Affected version:	5.0.0
Resolution:			

Description

I tried this command

```
bundle exec rails generate redmine_plugin Polls
```

```

History

#1 - 2022-05-01 09:03 - Go MAEDA

Does the following command work?

```
RAILS_ENV=development bundle exec rails generate redmine_plugin Polls
```

#2 - 2022-05-11 17:56 - markus schulte

sorry for stepping in here without invitation.

i'm having above mentioned problem with redmine_oidc plugin.

i can confirm

```
RAILS_ENV=development bundle exec rails generate redmine_plugin Polls
```

works like a charm.

cheers,

/markus

#3 - 2022-05-24 10:41 - David Robinson

RAILS_ENV=development bundle exec rails generate redmine_plugin <plugin name>

Does not work here - it gives the same error as above.

RAILS_ENV=production bundle exec rails generate redmine_plugin <plugin name>

Does work.
