Category:	Code cleanup/refactoring		**Estimated time:**	0.00 hour
Target version:	5.1.0			
Resolution:	Fixed			

Description

Redmine fails to start when it's installed without markdown group (#36892).

We should fix this and drop the redcarpet dependency for common_mark.

- File 0002-Drop-redcarpet-dependency-from-common_mark-group.patch added

holger mareck, I made a patch that should fix this.

What I did?

- I've moved the methods get_section, update_section and extract_sections to a new helper file (Redmine::WikiFormatting::SectionHelper)
- the new helper file is included by all three formatters
- textile formatter overrides extract_sections method which his own implementation
- I've removed the redcarpet dependency from common_mark group.

What do you think?

#3 - 2022-06-16 17:05 - Holger Just

Looks good to me, tanks!

#4 - 2022-06-16 23:40 - Marius BĂLTEANU

- Status changed from New to Closed

- Resolution set to Fixed

Thanks Holger for your review. I've committed both changes.
