

Redmine - Defect #37473

Focus Issued not working when linking issues

2022-07-20 11:18 - Alexandre Guilleme

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	4.2.8	Affected version:	4.2.7
Resolution:	Fixed		
Description			
When I click on the <i>add</i> link in the linked issues section of an issue, the kind Combo and the IssueNumber edit are displayed. Before (can't remember if 5.0.0 or 4.X), the Edit received focus, so that I could just type in issue number directly after clicking <i>Add</i> . Now, I must manually clic in the Edit before typing.			
(the captions may be wrong as I am in french translation)			

Associated revisions

Revision 21867 - 2022-09-28 11:18 - Go MAEDA

Issue ID field does not get focus when adding a related issue (#37473).

Patch by Mizuki ISHIKAWA.

Revision 21868 - 2022-09-28 11:20 - Go MAEDA

Merged r21867 from trunk to 5.0-stable (#37473).

Revision 21869 - 2022-09-28 11:21 - Go MAEDA

Merged r21867 from trunk to 4.2-stable (#37473).

History

#1 - 2022-07-20 11:39 - Go MAEDA

- Status changed from New to Confirmed
- Affected version changed from 5.0.2 to 4.2.7

I have confirmed the issue. Redmine 4.1.7 works as described but Redmine 4.2.7 and 5.0.2 don't.

#2 - 2022-07-26 02:50 - Mizuki ISHIKAWA

I think this is a jQuery 3.6.0 specific issue and is related to the following two issues.

- You cannot programmatically focus an element after you have attempted to focus it while it was hidden (display:none)
<https://github.com/jquery/jquery/issues/4950>
- You cannot programmatically focus an element after removing its focus handler <https://github.com/jquery/jquery/issues/4867>
 - => The milestone for this issue is 3.6.1, so it will likely be resolved after 3.6.1 is released!

Even with jQuery 3.6.0, the problem does not seem to occur if the code is changed to focus only when the focus target is :visible, as in the following diff.

#3 - 2022-07-26 11:53 - Go MAEDA

- Target version set to Candidate for next minor release

#4 - 2022-07-28 23:40 - Go MAEDA

- Target version changed from Candidate for next minor release to 4.2.8

Setting the target version to 4.2.8.

#5 - 2022-09-27 22:16 - Marius BĂLTEANU

We updated jQuery to 3.6.1 on all stable versions and the fix proposed by Mizuki works in my environment. Is is something else that blocks us to commit the fix? I would like to include it in the new versions.

#6 - 2022-09-27 22:46 - Marius BĂLTEANU

- Subject changed from Focus Issueld when linking issues to Focus Issueld not working when linking issues

#7 - 2022-09-28 11:31 - Go MAEDA

- Status changed from Confirmed to Closed

- Assignee set to Go MAEDA

- Resolution set to Fixed

Committed the patch. Thank you all for reporting and fixing the issue.

Thanks! Don't worry, I just wanted to double check that are not other issues with the patch.
