Redmine - Defect #3759

Missing repository on some changesets

2009-08-19 19:10 - Eric Davis

Status:	Closed		**Start date:**	2009-08-19
Priority:	High		**Due date:**	
Assignee:	Eric Davis		**% Done:**	0%
Category:	SCM		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Cant reproduce		**Affected version:**	

Description

I'm not sure if this is caused by r2840 or not, but I've got a few changesets with the repository id of 0. When they are associated with an issue, a no method error occurs due to the "Associated Revisions" div. Deleting and rescanning the git repository still loaded the data incorrectly. I've reproduced this on r2845 with my data but I won't have time to debug it until later.

Exception

```
A ActionView::TemplateError occurred in issues#show:

  undefined method `project' for nil:NilClass
  On line #4 of app/views/issues/_changesets.rhtml

    1: <% changesets.each do |changeset| %>
    2:     <div class="changeset <%= cycle('odd', 'even') %>">
    3:     <p><%= link_to("#{l(:label_revision)} #{changeset.revision}",
    4:                 :controller => 'repositories', :action => 'revision', :id => changeset.proj
ect, :rev => changeset.revision) %><br />
    5:        <span class="author"><%= authoring(changeset.committed_on, changeset.author) %></sp
an></p>
    6:     <%= textilizable(changeset, :comments) %>
    7:     </div>

    app/models/changeset.rb:58:in `project'
    app/views/issues/_changesets.rhtml:4
```

Data

```
>> c= Changeset.find(20693)
  Changeset Load (0.1ms)   SELECT * FROM `changesets` WHERE (`changesets`.`id` = 20693)
=> #<Changeset id: 20693, repository_id: 0, revision: "e01fd4b76c1701b9d187f738b211bdfa4bf497f4",
committer: "Eric Davis <edavis@...com>", committed_on: "2009-03-24 20:36:26", comments: "Added Hun

Sorry it was not due to the problem above, but duplicate changesets. Sorry about that

#3 - 2010-10-16 01:37 - Eric Davis

- Status changed from 7 to Closed

- Resolution set to Cant reproduce

Haven't seen this reoccur since I opened it. Might have been a data issue on my end.
