One way to fix this is to add some custom CSS styles to render the task items as checkboxes. Any other ideas?

Seems also related to [#38215](#) (formatting of nested tasklist)

Adjusting CSS for PDF export seems like a good approach here.

Thank you, the problem that task list item markers are not properly exported to PDF was fixed by updating rbpdf to 1.21.3. I have committed [r22318](#) to ensure that rbpdf 1.21.3 or later is used.
