

Redmine - Defect #3771

Journal entry in Issue not displaying correctly

2009-08-23 13:55 - Ashley McKenzie

Status:	Closed	Start date:	2009-08-23
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:	UI	Estimated time:	0.00 hour
Target version:	0.9.0	Affected version:	
Resolution:	Fixed		
Description When the following journal entry is added to an existing Issue, the alignment of the 's is off: - -- snip -- Testing 1 2 3: - <ul style="list-style-type: none">item 1item 2item 3 -- snip --			

Associated revisions

Revision 2848 - 2009-09-01 06:09 - Eric Davis

Add some margin to journal notes if Gravatars are enabled. (#3771)

History

#1 - 2009-08-23 13:58 - Ashley McKenzie

This defect was observed against -[r2847](#).

Hopefully this journal entry exhibits the behaviour.

Testing 1 2 3: -

- item 1
- item 2
- item 3

#2 - 2009-08-23 14:00 - Ashley McKenzie

It appears the defect relies on avatars being enabled under settings -> 'Use Gravatar user icons'

#3 - 2009-09-01 06:07 - Eric Davis

- Category changed from Administration to UI
- Status changed from New to Closed
- Target version set to 0.9.0
- % Done changed from 0 to 100
- Resolution set to Fixed

It's a side effect of the Gravatars. I've committed a modified version of your patch in [r2848](#). The original patch would apply the margin even when Gravatars are turned off, moving the content too far to the right.
