

Redmine - Defect #38025

Add free SSL certificate to demo.redmine.org

2022-12-08 17:00 - Francewhoa (Francois Carpentier)

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Website (redmine.org)	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:			
<div>Description</div> <div>Challenge</div> <p>The challenge is that https://demo.redmine.org does not presently support secured connection (HTTPS). Details about this and screenshots are into this other issue/ticket #38024.</p> <div>Suggested Resolution</div> <p>How about adding a free, secure, and very popular Let's Encrypt SSL certificate ? Documentation is at https://letsencrypt.org Optionally, this type of certificate can automatically renew itself to any future new version of TLS.</p> <div>Contribution</div> <p>Any volunteer for adding an SSL certificate to https://demo.redmine.org ? Both me and the Ubertus.org team would be happy, as volunteer, to contribute testing and documentation, if needed.</p>
