

Option to filter completed versions from the Target Version filter

Status:	Closed	Start date:	2009-09-03
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Resolution:	Duplicate		
Description			
When viewing the issues of a project, if you add a filter for Target Version, ALL versions are visible. It would be nice if there was a project-level toggle for "Show Completed Versions in Filter Options" ... or something similar.			
If you set a lot of milestones for a project that runs for a long time, scrolling through the completed versions can be tedious.

Sorry about that ... thought I searched for an existing issue but apparently I didn't
