

Redmine - Patch #38614

add email handling by subject

2023-05-26 16:55 - Aisha Tammy

<b>Status:</b>	New	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Email receiving	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Description</b>			
This change allows the email handler to find issues by subject and adds an option for this to be enabled (disabled by default as SQL full text search might be more expensive than needed).			
I needed this as I am trying to use redmine for the openbsd project mailing lists, so I made redmine subscribe to that list and now redmine will add/update issues by looking at mails on this mailing list.
