

Redmine - Feature #3874

Display issue status next to issue in roadmap

2009-09-15 19:03 - Marios Timotheou

Status:	New	Start date:	2009-09-15
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Roadmap	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description			
It would be good to display the status and maybe % done for each of the issues in the roadmap page. Now you can only see open and closed but you have to click on each issue to find the status of the issue.

Such thing is been done pretty easy but nice by Goyello. The result can be found at http://github.com/GOYELLO/Redmine_roadmap_upgrade.

Personally I'd vote for this solution to get implemented within the Redmine core, ofcourse respecting the according permissions (if any do relate :S).

Any thoughts?
