In Reports some columns are repeated. http://www.redmine.org/projects/redmine/issues/report/version will show 'Closed' column twice.

History

#1 - 2009-09-17 19:22 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Invalid

There is one column for the status named 'Closed' and another column for the closed issues.
You could have multiple statuses for closed issues (eg. Done or Ignored), then you'd have 3 columns in the report: Done, Ignored and closed (the last one begin the sum of Done and Ignored).
