

Redmine - Feature #38951

Enable journaling on projects

2023-08-14 15:13 - salman mp

<b>Status:</b>	New	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Projects	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Resolution:</b>			
<b>Description</b> It's so usefull to have history of project field and custom fields changes. Also it's desirable about project settings changes.			

History

#1 - 2023-08-19 17:25 - salman mp

- File Add\_history\_to\_project.patch added

This is my basic PR.

P.S: There is some signs of copy/paste from issue journals in the functions comments of patch file :)

#2 - 2023-08-19 23:17 - salman mp

- File Add\_project\_fields\_to\_issue\_helper\_detail\_to\_str.patch added

missed part:

I added the "project history" menu item in another plugin Init.rb file

```
menu :project_menu, :project_history, :project_history_url,  
  param: :project_id, before: :activity, caption: :label_project_history
```

What is the better way and better place to do it?

Another missed part is the way we should convert journal detail to string. It's using issue\_helper right now and it seems better to move details\_to\_string and show\_detail methos to journal\_helper.

#3 - 2023-12-12 10:00 - it Testing

Which redmine version is this compatible with?

#4 - 2023-12-12 16:02 - salman mp

it Testing wrote in [#note-3](#):

Which redmine version is this compatible with?

It was tested on Redmine 4.2
