#2 - 2009-10-06 15:26 - Tim Bouman

- Status changed from New to Resolved

Found the answer, Redmine had settings to send an E-Mail whenever a issue was created, but there was no email address set.
SMTP timeout apparently took 20-21 seconds.
Maybe something for a bug-fix.

#3 - 2009-11-11 17:26 - Jean-Philippe Lang

- Status changed from Resolved to Closed
- Resolution set to Invalid

No information about your environment. I can't fix anything.
