Redmine - Defect #38987

Issue cant assign Group

2023-08-24 09:46 - Burgess Chen

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Issues		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Cant reproduce		**Affected version:**	

Description

Create a new project and add the group as a member

When creating an issue, groups cannot be assigned, only members can be assigned

how to solve this

Sure the group has join project
  clipboard-202308241543-uk7fo.png

No any group show

History

#1 - 2023-08-28 04:02 - Burgess Chen

It's done

I'm find the way

#2 - 2023-08-28 19:31 - Holger Just

- Status changed from New to Closed

- Resolution set to Cant reproduce

There is a global setting at **Administration** -> **Settings** -> **Issues** -> **Allow issue assignment to groups** which needs to be enabled in order to assign issues to groups. Also, the group's project membership must include a role which can have issues assigned to and which is allowed to see the tracker of the respective issue.
