Redmine - Defect #38998

Mentions of users with "@" in their username

2023-08-30 11:49 - Christian Ries

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Email notifications		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	5.0.4

Description
When the username is an email address (user@mydomain.com) no email notification are sent/received.
This issue was reported and apparently fixed in [#37138](#37138) but it persists in 5.0.5.
I did a test by removing the @mydomain.com part and the email was sent.

History

#1 - 2023-08-30 11:57 - Christian Ries

```
Environment:
  Redmine version                5.0.5.stable
  Ruby version                   3.0.2-p107 (2021-07-07) [x86_64-linux-gnu]
  Rails version                  6.1.7.2
  Environment                    production
  Database adapter               Mysql2
  Mailer queue                   ActiveJob::QueueAdapters::AsyncAdapter
  Mailer delivery                smtp
```

#2 - 2023-08-30 14:24 - Christian Ries

I'm sorry, it was a problem on my side... this ticket can be considered "fake news"

#3 - 2023-08-30 14:30 - Christian Ries

The problem was that I mentioned myself in an issue but I had the notification settings set to " **I don't want to be notified of changes that I make myself** "
When another user mentions me it works just fine! ;)

#4 - 2023-08-30 17:19 - Holger Just

- Status changed from New to Closed

- Resolution set to Invalid

Thanks for the clarification. Closing as invalid.
