

Redmine - Defect #39415

redmineup plugins after upgrade to 5.1

2023-10-29 21:20 - ashraf alzyoud

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Calendar	Estimated time:	0.00 hour
Target version:		Affected version:	5.0.6
Resolution:	Invalid		

Description

uninitialized constant CalendarsHelper

```
Object.const_get (camel_cased_word)
^^^^^^^^^^^
```

Did you mean? CalendarsController (NameError)

```

History

#1 - 2023-10-30 00:27 - Mischa The Evil

- Status changed from New to Closed
- Resolution set to Invalid

We don't provide support for third-party extensions (either being plugins or themes) here. You should contact the plugin developer instead.

^^^^^^
```

Did you mean? CalendarsController (NameError)

try to find in the plugins directory the file containing the inclusion of the calendar module:

```
grep -r ":calendar"
```

then replace the instruction with a conditional form (include only if the version of redmine is less than 5.1)

For example (from the finance plugin):

replace line:

```
helper :calendars
```

with this line:

```
helper :calendars if Redmine::VERSION.to_s < '5.1'
```

In my case this worked
