

Redmine - Defect #39586

Parent page list for selected project on rename page

2023-11-20 23:53 - kiyoshi ohgishi

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Wiki	Estimated time:	0.00 hour
Target version:		Affected version:	5.1.0
Resolution:			
Description			
When renaming the wiki name from project A to project B, the parent page list remains in project A and does not change to project B.
