

Redmine - Feature #398

Watcher list when new issue

2007-07-31 07:01 - Takashi Nishi

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	0.8.1		
Resolution:	Fixed		
Description The watch function is useful function. But it would be better for the new issue reporter to be able to select the members to be a watcher(like "Carbon Copy" of email). This forces the key person(member) to receive the notifications when the issue changed even if he unchecked the "Mail notifications" checkbox on "My account" page. Thanks.

Voting this!

#2 - 2007-09-20 03:52 - tof b

I really need that too !

#3 - 2007-12-17 17:37 - Maxim Krušina

Exactly! We have migrated from Trac and now we're missing Trac's CC filed so much! Please help! ;)

#4 - 2008-03-25 10:30 - Ina Lohr

I also need this feature of CC notification dearly.
I will wait for the next release and hope that it will be implemented soon, as this issue is open since 7 months....

#5 - 2008-11-05 19:01 - Luiz Carlos Junior

+1

#6 - 2008-11-16 12:18 - Szabolcs Szasz

Weee, so many kind supporters for this! (Strange this so much needed issue is sill missing for more than a year. I wish I had the RoR knowhow to implement this myself.)

This omission makes our life here (a non-profit civil org. with 50+ projects) sometimes frustrating with Redmine.

Thanks in advance,
Sz.

Wouldn't it be nice, if one can add "watchers" to a ticket during the lifetime of a ticket (but not at issue creation). I know this feature from Jira and find it quite useful to stay up2date about issues (e.g. useful to add QMs to tickets to make them aware of things or whatever).
