when i log whith my user, this message appear:
Unknown action

No action responded to index

with the admin user this problem not happend.
The URL is .../account and if I delete the word account and load this url, it work propely.

Associated revisions

Revision 804 - 2007-10-05 20:05 - Jean-Philippe Lang

Added some accesskeys:

- e => edit
- r => preview
- f => quick search
- 4 => search

History

#1 - 2007-01-25 11:43 - Jean-Philippe Lang

I saw it yesterday. Problem occurs when using rails 1.2.
I'll post a fix soonly.

Regards

#2 - 2007-01-26 12:44 - Jean-Philippe Lang

Fixed in the svn repository.
0.4.2 that will fix it should be released in the next days.

Best regards
