below, we attached a screenshot for your Reference. Everything is working well except when I try to add the email for Redmine, can anyone please send a link or a guide on how to set up the email we are using Office 365 to be used as a relay not a shared mailbox but a regular mailbox.

Thank you

#2 - 2024-01-31 13:20 - Go MAEDA

- Status changed from New to Closed
- Resolution set to Invalid
