Target version:	Candidate for next major release			

Description

https://github.com/gjtorikian/html-pipeline/blob/main/CHANGELOG.md

History

#1 - 2024-12-10 22:40 - Soren Stoutner

I have started maintaining the official Debian Redmine package and its dependencies, and I would like to update ruby-html-pipeline in Debian to the current version (3.2.2).

https://tracker.debian.org/pkg/ruby-html-pipeline

Support for the current version of html-pipeline would be appreciated.
