Redmine - Patch #40513

Fix initial_page_content method to avoid referencing @page instance variable in wiki formatting helpers

2024-04-02 09:34 - Takuya Kodama

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**

Category:	Code cleanup/refactoring	**Estimated time:**	0.00 hour
Target version:	6.0.0		

Description
The initial_page_content method in helpers mistakenly used the @page instance variable rather than the page argument provided to it. Since the use of @page is unnecessary and not expected, we've updated the method to correctly utilize the page argument.
