Category:	Code cleanup/refactoring		**Estimated time:**	0.00 hour
Target version:				

Description

This patch fixes the following issues:

- Some icon images on Textile and Markdown help pages are incorrect and not displayed.
- The button icon image for the DatePicker is incorrect and not loading.

These issues seem to be related to #39111. They were reproduced in the trunk but not in the 5.1-stable and 5.0-stable branches.

Textile (en)	Markdown (ja)
before_textile_en.png	before_markdown_ja.png

The resulting fixes are as follows.

Textile and markdown help pages:

Textile (en)	Markdown (ja)
after_textile_en.png	after_markdown_ja.png

DatePicker button Image:

datepicker-button-image.png
The above is a screenshot of executing $('#form').datepicker(datepickerOptions) in the Chrome console.
