

Redmine - Defect #40717

Search results should be by modified date not created date

2024-05-22 08:45 - Ewan Makepeace

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Search engine	Estimated time:	0.00 hour
Target version:		Affected version:	5.1.2
Resolution:			
Description We recently updated Redmine (5.1.2) and the ordering of search results seems to have changed. The list is now dated and ordered by issue creation date NOT date last modified. This is disastrous - we are sometimes working on issues 2, 3 or even 7 years old and they are impossible to find, typically falling on page 8 or something.			

History

#1 - 2024-05-22 11:05 - Go MAEDA

Could you tell me which version you were using before the update?

#2 - 2024-05-22 11:36 - Ewan Makepeace

4.1.1 if not mistaken?
