

Redmine - Defect #40860

Creating a new issue fails with an internal error if no issue priorities are defined

2024-06-19 18:21 - Holger Just

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	5.1.4	Affected version:	
Resolution:	Fixed		
<div>Description</div> <div>If no issue priority is defined, creating an issue using issue#create fails with the following error:</div> <div>NoMethodError (undefined method `id' for nil:NilClass):</div> <div>app/models/issue.rb:2075:in `clear_disabled_fields'</div> <div>app/controllers/issues_controller.rb:153:in `create'</div> <div>lib/redmine/sudo_mode.rb:78:in `sudo_mode'</div> <div>This can be fixed with the attached patch which results in a proper error message to be shown to the user:</div> <div>Priority cannot be blank</div> <div>Unfortunately, this message is still shown even if the priority field is disabled for a tracker (as we still have to set a priority here, see #38416).</div> <div>This may be acceptable as a uncommon special case though. If this shall be changed, we might handle this similar to the check for a defined tracker and default status in IssueController#build_new_issue_from_params.</div>

Associated revisions

Revision 22895 - 2024-06-25 04:09 - Go MAEDA

Creating a new issue fails with an internal error if no issue priorities are defined (#40860).

Patch by Holger Just (@hjust).

Revision 22896 - 2024-06-25 04:15 - Go MAEDA

Add test for r22895 (#40860).

Revision 22900 - 2024-06-27 06:49 - Go MAEDA

Merged r22895 and r22896 from trunk to 5.1-stable (#40860).

History

#1 - 2024-06-19 18:23 - Holger Just

See [Internal error after hitting issue create button \(redmine...](#) for the original description of this issue.

#2 - 2024-06-20 01:34 - Go MAEDA

- Target version changed from Candidate for next minor release to 5.0.10

#3 - 2024-06-20 13:22 - Go MAEDA

- Related to Feature #38416: Ability to disable the priority field added

#4 - 2024-06-20 13:40 - Go MAEDA

- File test-for-40860.patch added
- Target version changed from 5.0.10 to 5.1.4

I wrote a test for the fix.

#5 - 2024-06-25 04:16 - Go MAEDA

- Subject changed from Creating a new issue fails with an internal error if no issue priorities are defined to Creating a new issue fails with an internal error if no issue priorities are defined
- Status changed from New to Resolved
- Assignee set to Go MAEDA
- Resolution set to Fixed

Committed the fix in [r22895](#). Thank you.

#6 - 2024-06-27 06:50 - Go MAEDA

- Status changed from Resolved to Closed

Merged the fix into 5.1-stable in [r22900](#).

#7 - 2024-06-27 11:33 - Holger Just

Thank you!

#8 - 2024-11-09 08:26 - Go MAEDA

- Has duplicate Patch #40194: Fix error in clear_disabled_fields method when IssuePriority is missing added

#9 - 2024-12-28 08:14 - Go MAEDA

- Related to Defect #38636: NoMethodError when creating/updating an issue if all issue priorities are disabled and no default priority is set added

#10 - 2025-01-04 08:36 - Go MAEDA

- Related to Defect #42066: NoMethodError exception occurs in IssuePriority#high and #low when both default and active priorities are absent added
