<b>Category:</b> Custom fields	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	
<b>Resolution:</b>	
<b>Description</b>	
We need two additional options for each custom field of an issue:  1st the visibility of a custom field is dependent on a specific state of workflow 2nd and the attribute "required field" is dependent on a specific state of workflow  We think it would be an interesting enhancement for redMine !?

+1

Probably to be able to set HTML's attributes on per-field basis...

Like "disabled" or "style="background-color:red"
