

Redmine - Defect #4098

Repository access problem

2009-10-23 15:58 - Marcin Kwiatkowski

Status:	Closed	Start date:	2009-10-23
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
Description			
When i try to access repository from redmine i get: <pre>NoMethodError (undefined method `<=>' for nil:NilClass): lib/redmine/scm/adapters/abstract_adapter.rb:218:in `sort_by_name' lib/redmine/scm/adapters/abstract_adapter.rb:216:in `sort' lib/redmine/scm/adapters/abstract_adapter.rb:216:in `sort_by_name' lib/redmine/scm/adapters/mercurial_adapter.rb:101:in `entries' app/models/repository/mercurial.rb:33:in `entries' app/controllers/repositories_controller.rb:70:in `show' passenger (2.2.5) lib/phusion_passenger/rack/request_handler.rb:95:in `process_request' passenger (2.2.5) lib/phusion_passenger/abstract_request_handler.rb:207:in `main_loop' passenger (2.2.5) lib/phusion_passenger/railz/application_spawner.rb:378:in `start_request_handler' passenger (2.2.5) lib/phusion_passenger/railz/application_spawner.rb:336:in `handle_spawn_application' passenger (2.2.5) lib/phusion_passenger/utils.rb:183:in `safe_fork' passenger (2.2.5) lib/phusion_passenger/railz/application_spawner.rb:334:in `handle_spawn_application' passenger (2.2.5) lib/phusion_passenger/abstract_server.rb:352:in `__send__' passenger (2.2.5) lib/phusion_passenger/abstract_server.rb:352:in `main_loop' passenger (2.2.5) lib/phusion_passenger/abstract_server.rb:196:in `start_synchronously' passenger (2.2.5) lib/phusion_passenger/abstract_server.rb:163:in `start' passenger (2.2.5) lib/phusion_passenger/railz/application_spawner.rb:213:in `start' passenger (2.2.5) lib/phusion_passenger/spawn_manager.rb:262:in `spawn_rails_application' passenger (2.2.5) lib/phusion_passenger/abstract_server_collection.rb:126:in `lookup_or_add' passenger (2.2.5) lib/phusion_passenger/spawn_manager.rb:256:in `spawn_rails_application' passenger (2.2.5) lib/phusion_passenger/abstract_server_collection.rb:80:in `synchronize' passenger (2.2.5) lib/phusion_passenger/abstract_server_collection.rb:79:in `synchronize' passenger (2.2.5) lib/phusion_passenger/spawn_manager.rb:255:in `spawn_rails_application' passenger (2.2.5) lib/phusion_passenger/spawn_manager.rb:154:in `spawn_application' passenger (2.2.5) lib/phusion_passenger/spawn_manager.rb:287:in `handle_spawn_application' passenger (2.2.5) lib/phusion_passenger/abstract_server.rb:352:in `__send__' passenger (2.2.5) lib/phusion_passenger/abstract_server.rb:352:in `main_loop' passenger (2.2.5) lib/phusion_passenger/abstract_server.rb:196:in `start_synchronously'</pre> I create a new project, add repo (mercurial one). It first scans repo for a few minutes (repo directory have about 60mb and there's about 1k commits in history) and then that error shows in the log. I'm using svn redmine (latest version) and mercurial 1.3.1 r1. Looking at the repo history there are some commits with strange names, using non-iso characters. Can it be a problem or is it something else?			

Associated revisions

Revision 2957 - 2009-10-24 13:08 - Jean-Philippe Lang

Prevent undefined method `<=>' for nil:NilClass in AbstractAdapter (#4098).

Revision 3029 - 2009-11-11 16:33 - Jean-Philippe Lang

Reject empty Mercurial entries (#4098).

History

#1 - 2009-10-24 13:03 - Jean-Philippe Lang

Please try with [r2957](#) applied.

#2 - 2009-10-27 10:49 - Marcin Kwiatkowski

Now i get:

```
TypeError (can't convert nil into String):
app/models/repository/mercurial.rb:39:in `join'
app/models/repository/mercurial.rb:39:in `entries'
app/models/repository/mercurial.rb:35:in `each'

```

#3 - 2009-11-11 16:28 - Jean-Philippe Lang

Then try [r3029](#).

#4 - 2009-11-13 09:24 - Marcin Kwiatkowski

Works now! Thanks!

#5 - 2009-11-15 16:45 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Fixed

Thanks for the feedback.
