Description
Translation of Description to Yorum is wrong and misleading so it has to be changed.
It could be changed to "Tanım" or "Açıklama". I chose "Tanım" which is a better and shorter translation.

History

#1 - 2024-11-12 22:40 - Tolga Uzun

- File tr.yml.label-description-correction.patch added

Having more thought on this, Açıklama is a better fit for the field.

#2 - 2024-11-13 06:09 - Go MAEDA

- Subject changed from Update Turkish translation of label_description from Yorum to Tanım to Update Turkish translation of label_description from "Yorum" to "Açıklama"

- Target version set to 6.0.2

"Açıklama" looks good to me. I am setting the target version to 6.0.2.

#3 - 2024-11-14 02:43 - Go MAEDA

- Status changed from New to Resolved

- Assignee set to Go MAEDA

Committed the fix in r23267. Thank you for your contribution.
