

Redmine - Defect #4186

Diff view shows two tables and partial diff

2009-11-09 12:00 - Sjoerd Langke

Status:	Closed	Start date:	2009-11-09
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	SCM	Estimated time:	0.00 hour
Target version:	0.9.0	Affected version:	0.8.6
Resolution:	Fixed		
Description			
In attached screenshot, you see the diff view with two tables. I expect only one table, because I view the diff of only one file.			
Furthermore, the heading of the second table comes from the file. The actual diff (also attached) shows more differences than the diff view.			

Associated revisions

Revision 3028 - 2009-11-11 14:25 - Jean-Philippe Lang

Fixes diff parser for when lines starting with multiple dashes are removed (#4186).

History

#1 - 2009-11-09 15:08 - Thomas Pihl

You have selected to show diff "side by side".

What will it show if you select "inline" instead?

There might be some whitespaces handled differently in the view compared to the downloaded version.

#2 - 2009-11-09 17:53 - Sjoerd Langke

- File *redmine-inline.png* added

With inline view it is the same.

#3 - 2009-11-11 14:20 - Jean-Philippe Lang

- Status changed from *New* to *Closed*

- Target version set to *0.9.0*

- Affected version (*unused*) set to *0.8.6*

- Resolution set to *Fixed*

- Affected version set to *0.8.6*

Fixed in [r3028](#).

#4 - 2009-11-11 14:30 - Sjoerd Langke

Thank you.
