

Redmine - Defect #42533

Bad response time on assigned field

2025-04-07 14:58 - Eric Diaz

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues filter	Estimated time:	0.00 hour
Target version:		Affected version:	4.2.6
Resolution:			
<div>Description</div> <div>Hi all</div> <div>My environnement</div> <div>Environment: Redmine version 4.2.6.stable Ruby version 2.7.6-p219 (2022-04-12) [x86_64-linux] Rails version 5.2.8 Environment production Database adapter PostgreSQL Mailer queue ActiveSupport::QueueAdapters::AsyncAdapter Mailer delivery smtp SCM: Subversion 1.10.2 Git 2.31.1 Filesystem GitRemote 2.31.1 Redmine plugins: redmine_agile 1.6.4 redmine_banner 0.3.4 redmine_checklists 3.1.21 redmine_git_remote 0.0.2 redmine_issue_templates 1.1.0 redmine_passerelle_cap2 1.1.0 redmine_webhook 1.0.1 view_customize 3.4.0</div> <div>On one of my projects, I have 2630 members When a user add a fliter based onAssigned_to_id in a custom report, it takes between 30 and 60 seconds to load the field. It happens on Firefox and it is a little more fast on IE but still too slow.</div> <div>Is it related to my redmine version or the root cause can be eslewhere ? I check on database, everything is good, no overlay. It seems the navigator has difficulties to absorp the amount of data. It was not the same on version 3.3 we had before.</div>			

History

#1 - 2025-04-11 04:58 - Go MAEDA

I tested this on my development environment using Redmine 6.0. I added 3000 members to a single project and tried adding the "Assigned to" filter on the Issues page. It only took 2–3 seconds to load.

Since Redmine 4.2 is an old version and no longer supported, could you try updating to the latest Redmine 6.0 to see if the issue still occurs?

#2 - 2025-04-11 08:36 - Eric Diaz

OK I'll try. Thanks for the test
