

## Redmine - Patch #4263

### Users getting notifications for issues they cannot view

2009-11-22 18:51 - Bradly Feeley

<b>Status:</b>	Closed	<b>Start date:</b>	2009-11-22
<b>Priority:</b>	High	<b>Due date:</b>

<b>Category:</b>	Email notifications	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.9.0		
<b>Description</b> Fixes a bug that would notify user on issues they can no longer view.  Example: Jane creates an issue in Project A. That issue is copied to Project B that Jane is not a member of. Jane will still get e-mails but the links to the issue won't work for her.  I have a fork on github with the fix and test. <a href="http://github.com/bradly/redmine/commit/2b5f422b324b7b034fcc74135827a032807f2358">http://github.com/bradly/redmine/commit/2b5f422b324b7b034fcc74135827a032807f2358</a>  I've also attached an svn patch file.  This is my first Redmine patch. Let me know if you need any thing else from me.  Thanks, Bradly Feeley
