Target version:	6.0.6	Affected version:	6.0.2
Resolution:			
<div>Description</div> <p>As reported in #41748#note-9 by Georg P., Noto Sans fonts are not applied to the Wiki syntax help pages because the changes made in #41748 were not reflected in wiki_syntax.css and wiki_syntax_detailed.css.</p> <p>The attached patch updates these files to point to the correct static Noto Sans font files.</p>
