Redmine - Defect #4281

Not found error on revision search

2009-11-24 17:08 - Nick Fitzgerald

Status:	Closed	**Start date:**	2009-11-24
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	SCM	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Fixed	**Affected version:**	

Description

When viewing the repository and entering a revision number to display, if you are more than one directory deep you get a file not found (404) error.

For example, entering revision 3084 on this page works:
http://www.redmine.org/projects/redmine/repository/show/trunk

But does not work here:
http://www.redmine.org/projects/redmine/repository/show/trunk/app
(tries to load http://www.redmine.org/projects/redmine/repository/show/trunk%2Fapp?rev=3084)

This has been tested on the latest trunk.

Associated revisions

Revision 3086 - 2009-11-24 18:55 - Jean-Philippe Lang

Fixes revision form when browsing a subdirectory (#4281).

History

#1 - 2009-11-24 18:50 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Fixed

Fixed in r3086.
