Redmine - Patch #42938

Add sprite icons to sub items of projects and issues

2025-06-30 17:03 - Liane Hampe

Target version:				

Description

Issue and projects lists with sub items are using an svg image of tabler different to other chevron icons in Redmine. Moreover, the svg image cannot be styled.

In order to ensure a consistent user experience I added a patch implementing the chevron icon as sprite icon:

The example shows sub projects. Changes will also affect sub issues.
