

## Redmine - Feature #4295

### Support more filters on the user list page

2009-11-26 17:25 - Colan Schwartz

<b>Status:</b>	New	<b>Start date:</b>	2009-11-26
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Administration	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Resolution:</b>			
<b>Description</b>			
Currently, the only filter supported is "Status". It would be great if other filters could be added here: <ul style="list-style-type: none"><li>- Filters for custom user fields</li><li>- Filter(s) for the new "Group or company feature", #1018, which is coming in 0.9.</li></ul>

### History

#### #1 - 2009-11-28 13:46 - Jean-Philippe Lang

- Target version set to 1.0.0 (RC)

#### #2 - 2010-05-05 12:20 - Markus Lohr

could be nice too:

- grouping by:
  - eMail-domain
  - account detail (local, LDAP A, LDAP B, ...)
  - ...other nice attributes

awesome: collapse and expand these groups

I have to manage projects with students. After a while I have a huge list of users. Is there a way to easily deal with more than 400 users? Something more like a dict as a table with different columns.

Specially in the view: *redmine > project > settings/configuration > (module) members* to add users to a project. (but anyway: awesome app!)

#### #3 - 2010-06-15 00:47 - Eric Davis

- Target version deleted (1.0.0 (RC))

Removing from 1.0. This hasn't been completed and 1.0 is feature frozen.

#### #4 - 2011-03-16 19:21 - Jean-Philippe Lang

The group filter is added in r5150.
