

Redmine - Defect #42957

Incorrect "for" attribute in labels of issue relations import

2025-07-04 13:45 - Thomas Löber

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:		Affected version:	6.0.5
Resolution:			

Description

On the bottom of the *Import issues* mapping form there is a *Relations mapping* fieldset.

The labels inside the fieldset have an incorrect for attribute. It should be import_mapping_relation_duplicates instead of import_settings_mapping_relation_duplicates for example.

A patch is attached.
