| <div>Description</div> <p>This patch replaces the existing loading.gif with an SVG-based loading icon using Tabler Icons' loader-2 (<a href="https://tabler.io/icons/icon/loader-2">https://tabler.io/icons/icon/loader-2</a>).</p> <p>The original loading.gif was an animated GIF that rotated, and the SVG replacement replicates this behavior using CSS animation.</p> <p>Since this change affects various parts of the UI, the update has been split into multiple patches as follows:</p> <p><a href="#">0001-Replace-loading-and-hourglass-icons-with-SVG-version.patch</a></p> <p>Replaces loading.gif and hourglass.gif shown during file uploads.</p> <p>Demo: upload-attachment-file-sample.gif</p> <p><a href="#">0002-Replace-autocomplete-input-loading-icon-with-SVG.patch</a></p> <p>Replaces loading.gif shown during autocomplete inputs (e.g., parent_id).</p> <p>Also moves the search icon from inside the input field to outside, consistent with the file upload UI.</p> <p>Demo: autocomplete-parent-id-sample.gif</p> <p><a href="#">0003-Replace-ajax-indicator-loading-icon-with-SVG.patch</a></p> <p>Replaces loading.gif inside the Ajax indicator element.</p> <p><a href="#">0004-Replace-sort-handle-loading-icon-with-SVG.patch</a></p> <p>Replaces loading.gif shown in sorting UIs (e.g., Enumerations, Trackers).</p> <p><a href="#">0005-Replace-loading-icon-with-SVG-during-CSV-import.patch</a></p> <p>Replaces loading.gif shown during CSV import.</p> |                   |                   |           |
