redmine_x_lightbox2	1.1.0		
redmine_x_project_templates	1.2.5		

History

#1 - 2025-10-01 02:55 - Go MAEDA

I could not reproduce the issue in my environment. It might be caused by a third-party plugin. Could you temporarily uninstall all plugins and try again?

#2 - 2025-10-01 14:27 - Stephan Meyer

Thanks for your feedback. The error is due to 000_redmine_x_ux_upgrade and only when activating a special option in the plugin settings.

You can close this ticket.

#3 - 2025-10-02 01:25 - Holger Just

- Status changed from New to Closed
- Resolution set to Invalid

Thank you for your feedback. I'm closing this issue as invalid as the issue was not caused by Redmine but by an external plugin.
