<b>Description</b>			
<p>I frequently will download a file, then not know what issue it belonged to.</p> <p>I would like the search feature to search the names of file attached to issue.</p> <p>I'd like to have a checkbox in the search to search only file names.</p> <p>ie. I downloaded Eric's patch for issue status/percentage done, and I couldn't simply find the ticket again. Try it, search redmine.org for: File Name: 0001-Adds-an-option-which-will-automatically-update-an-is.patch</p>

- *Duplicated by Feature #15752: Add attachments to search index and list them in a search results added*

**#9 - 2014-04-28 17:12 - Bernd Worsch**

+1 It should be possible to find attached files by matching part of their filename. If Search digs into this part of the index should be controlled by a checkbox.

**#10 - 2014-07-03 10:03 - Wouter Lievens**

+1 Would be very useful, is it that hard to implement?
