

Redmine - Feature #4485

Create an ACL privilege for assigning tickets

2009-12-25 16:29 - Aron Rotteveel

Status: New	Start date: 2009-12-25

Target version:	
Resolution:	
Description	
<p>Currently, everyone with issue creation access can instantly assign an issue to a user. It would be nice to separate this into an own ACL privilege; this way, reporters could create tickets, but not assign them to a specific user.</p>
