

Redmine - Defect #4604

Font Size settings

2010-01-19 02:29 -

Status:	Closed	Start date:	2010-01-19
Priority:	Urgent	Due date:	
Assignee:		% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:		Affected version:	0.9.0
Resolution:	Invalid		
Description			
How to set up the issues, news, forums, and display the contents of the module type font?			

History

- #1 - 2010-01-19 10:38 - Felix Schäfer
- Category changed from Text formatting to UI
 - Status changed from New to Resolved
 - Assignee deleted (Eric Davis)

The fonts (type, size, ...) used are defined in the themes for redmine, and more precisely in the stylesheet/css files. See the [Themes](#) page for more information (hint: if you just want different font-sizes, create a theme that loads the default redmine stylesheet, and just redefine the bigger fonts for the parts where you want them bigger).

- #2 - 2010-01-22 15:38 - Jean-Philippe Lang
- Status changed from Resolved to Closed
 - Resolution set to Invalid
