

Redmine - Patch #4623

Filters collapsed by default on Issues index page

2010-01-21 18:06 - Joel Nordell

Target version:	0.9.4		
Description			
Here is a patch to make the Filters collapsed by default on the Issues page. I mostly used saved queries, and do not edit the filters regularly, so it just adds UI clutter to have them showing by default.

- File filters-collapsed.patch.txt added

Here's a new and better version of this patch: show filters by default if there is no saved query being displayed, and hide filters by default if there is a saved query.
