Description
Make something similar to www.wrike.com

History

#1 - 2007-10-24 05:49 - Gunars Grundstoks

Or something like this airset.com.

#2 - 2007-10-24 05:50 - Gunars Grundstoks

Add contact page of customer, partner and etc.

#3 - 2007-10-25 14:48 - Jean-Philippe Lang

I can't see what you mean. Could you describe the feature please
?

#4 - 2007-10-30 10:17 - Gunars Grundstoks

You can delete this issue, I will make more precise and will
describe what kind of new feature you must have. I just now
download a SVN last version of Redmine and I can say that
you have great improvments over last two months using AJAX
and changing interface.

#5 - 2016-11-20 08:02 - Jan from Planio www.plan.io

- Resolution set to No feedback

Just for reference, for anyone landing here while searching for a comparison between Redmine and Wrike: At Planio, we've recently built a
comparison page for [Wrike vs. Redmine by Planio](#).
