Description

Isn't there method of permuting custom-field?
(Maybe 'Administration - Custom fields' is best place)
Or make multi-selectable List / boolean array(checkbox list).
I hope to use it 'platform environment'.
ex. Win2k/XP/Vista/XP64/Vista64/...

Maybe current custom-field is sort by create time.
So add/insert another custon-field, order become bad.

History

#1 - 2007-11-12 12:24 - Jean-Philippe Lang

As of r901, custom fields can be reordered.

#2 - 2007-11-12 23:56 - Aruo Miura

Thanks for your job.
and Thank you for quick correspondence.

I check it and work fine!
